From Director's Pen

Father of nation Mahatma Gandhi use to say that India reside in village. Perhaps, this is true that our country India resides in village. But today village is affected by different level due to not to pay attention. Not only in field of education, employment, health facility, shelter or clean drinking water and various primarily needs are not being provided because of which villages are in the phase of extinction. Because of these people are migrating from rural area to urban forcefully. One of the biggest question arising is that village's main important base the farmers are committing suicide.

Today, it's natural to arise a question that what kind of growth we are thinking for? Somewhere in the blind race of growth and development are we not destroying society and villages? The time has come where there is need to discuss on this not only at village level but also at national level. One of the biggest topics in rural area is livelihood of disabled and their community rehabilitation because the success of any growth is when the last person of that society is benefited from it. Government runs numbers of schemes, but the execution of these schemes at ground level is always being a big question. Because of this these kinds of disabilities are neglected. They are unaware about then right schemes, provision of law and policies. In this situation it is impossible for them to get benefitted by these schemes.

If we observe condition of rural women, there are not much important changes. Rural women are still uneducated and have been facing unemployment and health issues. All these issues can be solved with genuine effort. Along with these entire problems world is also challenged with the most important issue that is natural conservation. For industrialization in India, natural resources are being tapped incalculably, because of which environmental problems are being generated. The solution of these problems is very important.

During this session of MSS, our work is based on the above mentioned issues but at very small form of work. The organization has worked for the collaboration of disabled in the areas of society, their rehabilitation and promoting their livelihood. Likewise for women's empowerment, we are making effort to make women vigilant and strong. For environment related issues the organization is giving special attention towards natural conservation. All these work of MSS is possible due to tireless effort of its employees. I would like to appreciate them constant effort and continuous hard work.

हम एवं हमारी अवधारणा

मार्गदर्शक सेवा संस्थान एक अलाभकारी एवं गैर राजनैतिक संस्थान है जो छत्तीसगढ़ में गरीब, आदिवासी, महिलाओं, युवाओं एवं दिव्यांगजनों के लिए समुदाय आधारित सामाजिक, शैक्षणिक एवं आर्थिक विकास के लिए विगत 20 वर्षों से प्रयासरत हैं। हमारा प्रयास है कि स्वालम्बी, स्वशासी एवं स्वाभिमानी समुदाय स्थापित हो। आज के विध्वंसक विकास के कारण आजीविका के प्राकृतिक संसाधनों को समाप्ति के कंगार पे खड़ा कर दिया है। जिसके परिणाम स्वरूप आज कई प्राकृतिक आपदाओं पर गौर किया जा सकता है। अगर इसी गति से तथाकथित विकास चलती रही तो, हमारे जीवन का आधार ही समाप्त हो जायेगा। हमारे जीवन का सीधा रिश्ता प्रकृति से जुड़ा है वन जल एवं जमीन जीवन का आगे बढ़ाने के महत्वपूर्ण साधन है। जंगल जितना विधितापूर्ण होगी, मिट्टी उतनी ही सजीव होगी, पानी उतना ही स्वच्छ होगा। ये तीनों जितना समृद्ध होंगे, जीवन उतना ही सहज होगी। इस कारण हम सबको आजीविका के प्राकृतिक संसाधन एवं जीवन के आधार जल, जंगल एवं जमीन को बचाना आवश्यक है। आशा है कि इनके संरक्षण के लिए आप भी एक कदम अवश्य बढ़ायेगें, आप का एक कदम पूरे विश्व के जीवन को आधार दे सकेगा।
